Malpractice ‘reform’ hurts victims, taxpayers

Cuomo Budget Plan: Tax Cuts for Millionaires. He’s kidding!

Detailing the impact of budget cuts on communities and individuals, the article discusses the implications of the proposed tax cuts for millionaires. The author argues that such reforms disproportionately benefit the wealthy, neglecting the needs of ordinary citizens.

The article also critiques the broader implications of these cuts on public services, healthcare, and education, highlighting the potential negative effects on these sectors.

The piece concludes with a call to action, urging readers to voice their concerns and support policies that prioritize the well-being of all citizens, rather than the interests of the wealthy few.
